“ When I think of someone who is salt of the Earth, I think of my Grandma Penny. She was an honest, hard working, beautiful person full of character, strength and wit who loved her friends and family unconditionally. Throughout her life she confronted and overcame plenty of hardships and not a one of them diminished her incredible capacity for warmth and love. I'll bet they contributed to her incisive humor, though.

I will always remember how much I was loved by my Grandma Penny and hope to someday be as good a grandparent for my grandchildren as she was to me.

Rest in peace Grandma. I'll miss you always and think of you often.

Love,  
Mason

“ You were a wonderful grandma and mother. I'll always cherish the memories I have with you growing up. Even during last year while your health was declining, you managed to find humor in things and still had so much love to give. I'll miss you Grandma, I love you.

“ What a fabulous mother and person this lady was to her children. We have been friends for many years, sharing our good times and bad. She shared the most precious gift anyone ever shared with me. She shared her family for the last 45 years. I was not blessed with children of my own but her children became part of me and she so freely gave me so many years of this love and kindness. Rest in peace dear friend.
