“ Grandma I’m going to truly miss you so much. You have been a pillar in my life. I can’t explain how much that has meant to me. I have so many emotions flowing right now. So many memories of love form a beautiful grandmother. You was not just a grandma to your grandchildren but a mother to us all. I will always keep with me the conversations we had on the phone on at your house. You would always say that How God has been good to in your life. I can truly say that he has. Because he allowed you to be with us for 95 years. I Can’t not take that for granted at all. I love you grandma 💕 I may be grieving now. But I know that you’re not suffering any more. But I can say that you are free. We all will be ok grandma. I know I will see you again. You are with love ones and friends now. I will always carry you in my heart. I love you and miss you forever grandma.
