“ This really saddens my heart. I was a home health aide for Earl. There wasn't a day that went by that I enjoyed taking care of this great man of God. I know there was many times he tried pushing my buttons, but I never gave up. I always enjoyed taking care of Earl and doing everything for Margie and the whole family. Thanks to the whole family for making me a part of your family. My deepest condolences to the family. If there's anything I can do, please contact me.
